

Third Quarter 2011 Financial Results

June 21, 2011

JABIL

Forward-Looking Statement

This presentation contains forward-looking statements, including those regarding our anticipated financial results for our third fiscal quarter; our ability to deliver record revenue and earnings in fiscal 2011; the new business opportunities in targeted segments; and our currently expected fourth fiscal quarter net revenue, core operating income, core and GAAP earnings per share results and the components thereof. The statements in this news release are based on current expectations, forecasts and assumptions involving risks and uncertainties that could cause actual outcomes and results to differ materially. These risks and uncertainties include, but are not limited to: our determination as we finalize our financial results for our third fiscal quarter that our financial results and conditions differ from our current preliminary unaudited numbers set forth herein; adverse changes in the demand, or expected demand, of our customers; the expected new business opportunities in targeted segments failing to arise; adverse changes in current macro-economic conditions, both in the U.S. and internationally; the ongoing situation in Japan and its effects on our Japanese facility, supply chain, shipping costs, customers and suppliers; our financial performance during and after the current economic conditions; our ability to maintain and improve costs, quality and delivery for our customers; risks and costs inherent in litigation; whether our realignment of our capacity will adversely affect our cost structure, ability to service customers and labor relations; our ability to take advantage of perceived benefits of offering customers vertically integrated services; changes in technology; competition; anticipated growth for us and our industry that may not occur; managing rapid growth; managing rapid declines in customer demand that may occur; our ability to successfully consummate acquisitions and divestitures; managing the integration of businesses we acquire (including, with respect to the acquisition of the Italian and French sites, potential unknown liabilities and the costs associated with addressing potential reduced business activity at these sites); risks associated with international sales and operations; retaining key personnel; our dependence on a limited number of large customers; business and competitive factors generally affecting the electronic manufacturing services industry, our customers and our business; other factors that we may not have currently identified or quantified; and other risks, relevant factors and uncertainties identified in our Annual Report on Form 10-K for the fiscal year ended August 31, 2010, subsequent Reports on Form 10-Q and Form 8-K and our other securities filings. Jabil disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Reconciliation of Non-GAAP Financial Measures

The financial results disclosed in this release include certain measures calculated and presented in accordance with GAAP. In addition to the GAAP financial measures, Jabil provides supplemental, non-GAAP financial measures to facilitate evaluation of Jabil's core operating performance. The non-GAAP financial measures disclosed in this presentation exclude certain amounts that are included in the most directly comparable GAAP measures. The non-GAAP or core financial measures disclosed in this presentation do not have standard meaning and may vary from non-GAAP financial measures used by other companies. Management believes core financial measures are a useful measure that facilitates evaluating the past and future performance of Jabil's ongoing operations on a comparable basis. Jabil reports core operating income, core return on invested capital, core earnings and core earnings per share to provide investors an additional method for assessing operating income, earnings and earnings per share from what it believes are its core manufacturing operations.

1. Core operating income excludes amortization of intangibles, stock-based compensation expense and related charges, restructuring and impairment charges, goodwill impairment charges, certain distressed customer charges, settlement of receivables and related charges and loss on disposal of subsidiaries.
2. Core EPS excludes amortization of intangibles, stock-based compensation expense and related charges, restructuring and impairment charges, goodwill impairment charges, certain distressed customers charges, settlement of receivables and related charges, loss on disposal of subsidiaries, certain other expenses, net of tax and certain deferred tax valuation allowance charges.
3. Core operating income¹ + depreciation expense.

JABIL

24

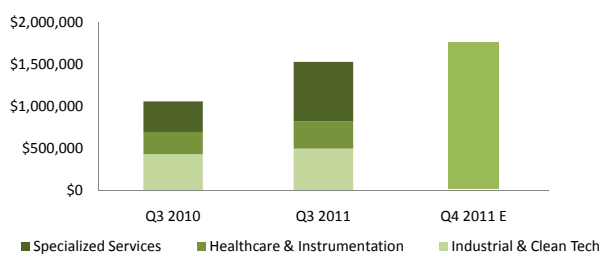

Reconciliation of Non-GAAP Financial Measures

4. Core Earnings excludes amortization of intangibles, stock-based compensation expense and related charges, restructuring and impairment charges, goodwill impairment charges, certain distressed customers charges, settlement of receivables and related charges, loss on disposal of subsidiaries, certain other expenses, net of tax and certain deferred tax valuation allowance charges.
5. Core Tax Rate excludes amortization of intangibles, stock-based compensation expense and related charges, restructuring and impairment charges, goodwill impairment charges, certain distressed customers charges, settlement of receivables and related charges, loss on disposal of subsidiaries, certain other expenses, net of tax and certain deferred tax valuation allowance charges.
6. Core operating income¹ / net revenue
7. Core Return on Invested Capital (ROIC) is calculated by annualizing the Company's after-tax non-GAAP operating income for its most recently-ended quarter and dividing that by a two quarter average net invested capital asset base. After-tax non-GAAP operating income excludes expenses and charges relating to the amortization of intangibles, stock-based compensation expense and related charges, restructuring and impairment charges, goodwill impairment charges, certain distressed customer charges, settlement of receivables and related charges and loss on disposal of subsidiaries. Net invested capital is defined as the sum of the averages of stockholders' equity and current and non-current portions of notes payable and long term debt, adjusted for the average cash and cash equivalents.

JABIL

25

Diversified Manufacturing

- 44% year-over-year growth
- 2011 growth expected to exceed long-term target of 20% to 30%
- Core operating margin⁶ remains in targeted range: 6% to 8%
- Expect 7% sequential growth

JABIL

26

Enterprise & Infrastructure

Quarter	Revenue
Q3 2010	\$1,200,000.00
Q3 2011	\$1,400,000.00
Q4 2011 E	\$1,500,000.00

- 15% year-over-year growth
- Core operating margin⁶ remains at high-end of 4% to 4.5% target
- Increasing contribution from storage and telecommunications
- Expect 3% sequential growth

JABIL 27

High Velocity

Quarter	Revenue
Q3 2010	\$1,200,000.00
Q3 2011	\$1,300,000.00
Q4 2011 E	\$1,400,000.00

- 10% year-over-year growth
- Core operating margin⁶ remains in 2% to 2.5% range
- Expect 13% sequential decline

JABIL 28
